The Librarians are the smallest Unit represented by the AAUP. My election to this office would demonstrate a commitment to the AAUP policy of broadening the scope of representation to include all members.

Since the Librarians are still negotiating a portion of the contract, we are seeking continuous and strong representation on the Board of Governors. I would like to acknowledge the many contributions made by Dr. Robert Schwartz who serves as the current Secretary. I am pleased to know that Dr. Schwartz can continue to hold one of the voting seats on the Board of Governors even if not serving this term as the Secretary.
