**Reason(s) for candidacy {what you expect to contribute to the organization (60 words or less):** We have seen numerous changes in how the AAUP-BHSNJ is perceived by our “now Rutgers” Administration. I have worked closely with the Union in making sure that the faculty voice is heard on all fronts, including intervening in unilateral changes in the terms and conditions of work. When we were UMDNJ, a charge was brought under my name to require the School to negotiate with the Union before any changes in clinical compensation was made. We see those cases coming forward again across all RBHS schools and we have been challenging each one. I intend to continue to defend our faculty and our rights.
